Do you have any drawn plans?

Subject: Penn Plaza Building #3 remodel

Hi Mike,

I will be turning in an application for a permit to remodel the space in Building #3 that Defiance Boat works was using into self storage. I was going to stop by your office to discuss this with you, but I remember you saying you prefer to have contact via email.

Four years ago when we remodeled the north part of that building I spoke with you about converting the whole building to self storage in more than one phase. I'm sure you recall that when we remodeled the north side, we added a fire monitoring system to the whole building. I plan to have Guardian security apply for a permit to modify the current layout of the south side to fit the new self storage layout, and so I wanted to touch base with you to see if you had any comments or concerns prior to my application.

Please call or email me if you would like to talk about anything, or if you would like I can meet you at your office at your convenience.

Sincerely,

P. Trip McConkey
